### 3. Upload Photo

- 3.1. Login with your username and password. If you do not have an account, you can create one by clicking “**Create new account**”.

The screenshot shows the Aurora Forecast Soothsayer website. The header has a dark background with the title "Aurora Forecast" and the subtitle "Soothsayer". Below the header is a navigation bar with tabs: HOME (highlighted in green), NOW, 1 HOUR, 3 DAY, 28 DAY, and PHOTO GALLERY. The main content area is divided into two columns. The left column contains a "User login" form with fields for "Username" and "Password", both marked with a red asterisk. Below the fields are links for "Create new account" and "Request new password", and a "Log in" button. The right column displays a "Welcome!" message, a note that it's a test site for the CS472 Aurora Forecast project, and a "Read more" button. The footer is dark and contains the text "Powered by Drupal" and "Copyright © 2014, Aurora Forecast". A red rectangle highlights the login form area.

- 3.2. Go to the **PHOTO GALLERY**.

- 3.3. On the photo gallery page click the “**Upload Photo**” button.

- 3.4. In the **Create Image** page fill in the Title field and the Photo field (Note, the Comment, Location, GPS, and Camera fields are optional). Then click save.
